Section 2a: Greetings and Introduction FOR VILLAGES RECEIVING CARE/CRS CLASSES. (To be read aloud. Please check with your supervisor if you are not sure whether the village you are visiting is receiving a class from CARE/CRS or from another organization. If the village has a class from another organization or the MoE, please read Introduction 2b)

Assalam o Alakum, my name is __________________ (and this is __________________). We work for the Afghan Center for Socioeconomics and Opinion Research (ACSOR), a research organization working in Afghanistan. We are studying community-based schools, also called CBS, in your village. You may remember that we visited your village last year to ask questions about education in your village. We are here this year to follow up on those questions and also to find out a little bit about the CBS that is being operated by [CARE/CRS] here. As we mentioned last time, we do not work for [CARE/CRS], but do some work in partnership with them. We would like to speak with you now. Our conversation will take approximately one hour to 75 minutes. We may also return two more times: once next year and once the year after. Please understand that your responses to this survey will have no effect on [CARE/CRS]’s work with your village and the CBS.

I’d like to ask you some questions about your household and your children’s education. In addition, after you and I talk, I would like to give the children who are between the ages of 6 to 11 years old a short math and Dari test. I’d like to speak with each child individually, if that is okay with you. I have a short form for the assessment that I can show you. The test will take 20 minutes per child.

Your participation may help us understand the process of delivering better education services in [BAMIYAN/DAYKUNDI/GHOR/HERAT/KAPISA/PARWAN] province. You may end the survey at any time, or refuse to answer any questions that you do not want to answer. We very much appreciate your participation. You are being very generous with your time.

Section 2b: Greetings and Introduction FOR VILLAGES NOT RECEIVING CARE/CRS SCHOOLS.

Assalam o Alakum, my name is __________________ (and this is __________________). We work for the Afghan Center for Socioeconomic and Opinion Research (ACSOR), a research organization working in Afghanistan. We are studying education in your village. We would like to survey your household to learn more about education in this village. We would like to speak with you now, and we may return to speak with you again next year and the year after.

It will take about 20 minutes per child.

Your participation may help us understand the process of delivering better education services in [BAMIYAN/DAYKUNDI/GHOR/HERAT/KAPISA/PARWAN] province. We very much appreciate your participation. Your participation is purely voluntary; you are being very generous with your time.
